## Adventure Guide

We've put together some tips and suggestions to help guide you and your Big Kid as you get started on your potty training adventure.

### Fill Out Your Adventure Highlights Together!

Customizing your Big Kid's sticker chart is as easy as 1-2-3:

- 1.) Let your Big Kid color his or her chart.
- 2.) Fill in which goals you want to track.
- 3.) Let your child know that each sticker is one step closer to reaching their goals and finding their special friend. When your Big Kid has something to celebrate, put a sticker on together! For every goal reached, give them a special Reward!

### Goal Suggestions:
